THE MEMPHIS TEACHERS' ASSOCIATION STANDS FOR EFFICIENCY

In June, 1919, the Teachers' Association passed a resolution to request the Board of Education to give recognition for professional improvement.

In September, 1919, the Association went on record as disapproving the recent action of the Board of Education in lowering its standard by suspending, even temporarily, its rules for election of teachers.

These resolutions are in direct accord with the Government Survey Abstract, page 33: "Adopt a plan for eliminating the inefficient and the inadequately prepared teacher."

Dead

Watches and Clocks can be brought to life again if you bring them to Pined & Lowenstein, 168 South Main Street, opposite Princess Theater. We repair any make or style watch at a very reasonable price. All our repair work is guaranteed. We have an efficient corps of watchmakers and jewelers. Bracelet watches and chronometers our specialty. Once a customer always a customer. Prompt Attention Given to Mail Orders.

SPRING HATS

Lots of them, all in the new styles, Suits, Coats and Dresses, too, at Miller's, 174 South Main St. (note new address). No red tape, reference or investigation, credit gladly extended.

Foley's Honey and Tar Compound

IT IS JUST WHAT CHILDREN ought to have for feverish colds, coughs, "croup," and that right, wheezing breathing. It stops croup, too. It cures and checks whooping cough, measles and bronchitis.

Every User a Friend
"My little girl had been having the croup every few nights, so I began giving her a few drops of Foley's Honey and Tar every two or three hours. That night she slept well, never coughed any, and next day her cold was gone."—Mrs. R. M. Ranley, St. Louis, Mo.

"My three children had a very severe attack of whooping cough. The first few doses of Foley's Honey and Tar gave them great relief, and it did them good."—Mrs. E. C. Hostler, Grand Island, Neb.

Foley's Honey and Tar has been used for more than thirty years in thousands of homes for relief from coughs, colds, spasmodic croup, tickling throat, hoarseness, whooping cough, bronchitis and the coughs that follow influenza or la grippe.
